

Cyclo Spray

FOR EXTERNAL ANIMAL USE ONLY

Cyclo Spray

Reg. No. G3284 (Act 36/1947)

For the treatment and prevention of superficial skin infections caused by micro-organisms sensitive to chlortetracycline.

STORAGE INSTRUCTIONS

Store in a cool dry place.

DANGER - EXTREMELY FLAMMABLE AEROSOL.

COMPOSITION:

Chlortetracycline HCl 3,2 g / 211 ml

WARNINGS:

- Persons with a known hypersensitivity to tetracyclines should not handle the preparation.
- Avoid skin contact and protect the eyes.
- Do not incinerate or puncture the container and do not expose the container to direct sunlight (pressurised container).
- Do not spray in the vicinity of an open fire.
- Keep out of reach of children, uninformed persons and animals.
- Although this remedy has been extensively tested under a large variety of conditions, failure thereof may ensue as a result of a wide range of reasons. If this is suspected, seek veterinary advice and notify the registration holder.

DIRECTIONS FOR USE:

Use only as directed

Cyclo Spray is indicated for topical administration.

Rinse and dry the affected areas thoroughly before spraying. The container should be held at a distance of approximately 15 – 20 cm from the area to be sprayed; spray for a few seconds until the treatment area is evenly coloured. Topical treatment may be used in combination with systemic therapy.
